

JEW'S FEAR OUTBREAK

Flee From Warsaw and
Lodz By Thousands.

AUTHORITIES ON GUARD

Police and Soldiers Incensed At
Attempted Murders of
Comrades.

ADMIRAL CHOUKNIN IS DYING

Physicians Hold Out No Hope For the
Wounded Admiral's Recovery—Was
Universally Hated by Sailors
of Black Sea Fleet.

WARSAW, July 11.—The sensational rumors that were current today that an anti-Jewish outbreak might be expected tomorrow have resulted in a panic and thousands of Jews have fled from the town. Similar scenes occurred at Lodz. The authorities have adopted far-reaching measures; all the more necessary as the soldiers and police are incensed by the numerous attempted murders of their comrades.

Little Hope For Recovery.

SEBASTOPOL, July 11.—The doctors hold out no hopes for the recovery of Admiral Chouknin, who was shot by an assassin. The admiral's assailant is thought to be one of the sailors of the battleship Otechakoff, and his act is supposed to be in revenge for the execution of Lieutenant Schmidt, a revolutionary leader. Chouknin was universally hated by his sailors and at the time of the execution of Schmidt the revolutionists condemned him to death; 100 of their number pledging themselves to carry out the sentence. This was the second attempt since the Schmidt execution. The first attempt was made by a woman and after her effort failed Chouknin ordered her killed on the spot, and his orderlies brutally carried out the sentence in the court yard. For this the admiral was again condemned to death by the revolutionists. His name was never mentioned among the sailors unless accompanied by curses on account of his overbearing and severe manner.

Cavalry Surrenders.

TAMBOV, July 11.—Both squadrons of the Seventh Cavalry which mutined on July 7th, surrendered their arms today and express contrition for their conduct.

ST. PETERSBURG, July 11.—The preparations which the war office has been making at all the principal cities, to meet the armed revolutionary movement, prove very elaborate. Plans for the defense of Riga have fallen into the hands of the revolution paper "Misa," which this morning published the entire plans for the defense. The commander in framing the plans for the defense, even designated his successor in case of being killed, or incapacitated. Similar plans it is understood have been drawn up by every commander of garrison or city. In addition to special troops trains equipped with machine guns are in constant readiness at St. Petersburg, Moscow, Kiev, Warsaw and other strategic points.

ORDERED TO FIRE.

ST. PETERSBURG, July 11.—The labor group in the lower house declare they have absolute proof that orders have been sent from St. Petersburg to the police authorities in the province of Saratov to fire on gatherings addressed by members of parliament after prorogation of that body. It is asserted the orders instructed the police to single out the deputies and afterward make it appear the shooting was accidental.

STEAMER QUINCY IS WRECKED

LA CROSSE, Wis., July 11.—The steamer Quincy struck a bank in the darkness near Tremont, Wis., at 10:30 Wednesday night, and turned half over and caught fire. It is believed a majority of the 200 passengers were saved. Only one was drowned so far as definitely known. Early Thursday morning 60 passengers arrived here on the train, but their accounts are so wise positive regarding the drowning.

BLACKS RESTLESS.

JOHANNESBURG, Transvaal, July 11.—Disquieting rumors that the blacks of the Rand contemplate an uprising on July 17, are borne out by the fact that the native servants have warned their mistresses to retire to places of safety. Similar rumors have been circulated in Reef, but the police ridicule them. However much anxiety is expressed.

ASPARAGUS FIELDS FLOODED.

STOCKTON, July 11.—Today the Cross Levee below Levi and Jones' tracts on Roberts' Island, gave way before the pressure of the flood of water. Over 6000 acres of asparagus and other crops are inundated.

CRANKS TO FRONT

Write Letters Professing Knowledge
of Thaw-White Murder.

LETTERS WOULD FILL BOOK

Attorney's For Thaw Receive Hundreds
of Missives From All Parts
of the Country—Most Letters
Are Lies.

NEW YORK, July 11.—Possibly no case in the history of American jurisprudence has brought to the front a great number and variety of cranks as the killing of Stanford White by Harry Thaw.

Every person directly or indirectly interested has been inundated by letters from persons professing to have knowledge or advice that they are willing to sell for a consideration.

"I am putting aside material that would fill a book after this case is over," said Terrence J. McManus, one of Thaw's counsel, yesterday. "I am convinced that almost every show girl and every giddy young creature with less tangible means of support is now boasting of the attention that Mr. White paid to her in his life time and every man to whom they tell their story expects to realize some cash by offering to sell it to us. The most absurd yarns are being received, and we investigate the most promising."

"We have heard from all the professional cranks in the country, but there is an absolutely new crop. Persons are writing to us from Kankakee or Kalamazoo that while in New York they overheard comments of White over Mrs. Thaw, which must certainly have reached her husband's ears and that if we will send them enough money to get back to the metropolis they will supply the facts and remain here until the trial."

"Other persons say they will come here from New England, or the West and stay so as to serve as jurors in the case, with the positive assurance that they have known Thaw to have been justified and that they will vote to acquit. Some New York men make the same pledge, also adding, 'Please remit.' One man writes to Thaw that he believes the latter has a good heart, in spite of the shooting and having a large income should show his kindness by sending a check. Practical jokers have mailed Thaw mining stock for a million dollars or so, declaring they wish to have

TEN MEN ROB FIVE OTHERS

Daring Bandits Secure
Passengers' Money.

RIDING ON THE FREIGHT

Sheriff Notified and Captures
Three Men—One
Is Killed.

TRIES TO ESCAPE; IS SHOT

Passengers Riding on Freight in Montana, Compelled to Give up Their Belongings—Posse Searching For Rest of the Bandits.

BUTTE, Mont., July 11.—A Miner special from Billings, says a daring hold-up occurred near Daniel today in which ten men at the point of revolvers were compelled to give up money amounting to \$2000. The party was traveling on a freight train. A band of five masked men boarded the train at a water tank at Laurel. Perry Little, a passenger, was struck a heavy blow on the back of his head with a gun. He threw away a pocketbook with \$36 in money and a draft amounting to \$600. He afterward found the drafts, but not the money. After the robbery, the robbers guarded their victims until the train reached Rapid when they quietly disappeared. News of the hold-up was sent to Billings and the sheriff wired his deputy at Columbus to look out for the bandits. When the train reached there a search was made and three men supposed to be the right persons were found. One of them attempted to get away, and was shot dead by one of the deputies. The other two were placed under arrest.

Thaw Changes Attitude.

NEW YORK, July 11.—Harry Thaw's attitude toward the press and the public underwent a striking change between morning and evening today. Immediately after breakfast he secured permission to have a number of newspapermen brought to him at the Tombs' prison, telling them after a friendly interview, that to talk with anyone besides lawyers, doctors and prison officials, was like getting a "whiff of fresh air from the outside world."

This evening it was different. When the newspapermen sent Thaw a note asking if he wished to add anything to his formal statement of Tuesday, he sent in reply, that he had said all he wished to say, and in the future would be guided by the advice of his counsel.

Garvin said today that his detectives had succeeded in serving a subpoena on Mrs. Beatrice Schwartz, the woman at whose house Thaw is said to have made threats against White. May Mackenzie, an actress and friend of Mrs. Thaw, was questioned by Garvin today. She had heretofore refused to furnish the district attorney's office with any information, but it is understood she today told Garvin what she knew.

STAGE ROBBER ESCAPES.

FRESNO, Cal., July 11.—Information has been received which makes it seem certain that the Yosemite robber has escaped. Sheriff Jones of Madeira has given up the search though the sheriff of Mariposa is still in the mountains. All trace of the robber is lost and if the officers have any clue they are guarding it.

FIVE KILLED IN TROLLEY CAR WRECK

Train of Buffalo-Lockport Trolley Cars
Smash Into Train on Siding.

BUFFALO, July 11.—A train of trolley cars, west-bound from Lockport on the line of the interurban railway, tonight ran into an open switch at a siding just east of Martinsville and crashed into a trolley freight motor and a train lying on a siding. Five passengers were killed outright and a score injured, some of whom may die. The passenger train was going at a high rate of speed when the accident occurred and the impact was terrific. The foremost car was utterly demolished. The wedge shaped end of the freight motor cut it in half and the rear car completed the work of destruction. The rear car was badly stove in, but remained on the track.

HIGH PRICE OF ICE.

KANSAS CITY, July 11.—Ex-State Senator Lyons, president of the Central Ice Company, gave interesting testimony at the "Ice Trust" hearing today. After stating, he started in business in 1900 with a capital of \$8000, he cleared \$40,000 the following year, and now owns a plant valued at \$400,000. Lyons stated prices ought to be higher than they are now. Lyons stated he had made two advances in the price of ice this spring, because the other companies did. Also, he said, he was not in the ice business as a philanthropist, and wanted all he could get for his ice. Lyons said he knew of no combination in the ice business.

KILLING IS ADMITTED

Curtis Jett Boldly Asserts He Killed
Marcum.

HE HAD LONG HATED HIM

"Marcum Had Prosecuted Me in Several Cases, and Was My Bitter Enemy, and I Am the Man Who Killed Him."

BEATTLEVILLE, Ky., July 11.—Curtis Jett this afternoon at the session of the trial of Judge Hargis for murder took the witness stand and admitted the assassination of Marcum and told the manner in which the crime was committed.

"Marcum had prosecuted me in several cases and was my bitter enemy and I am the man who killed him," said Jett. He then told of the assassination, tallying with the description given by B. J. Ewan. Jett said he had not conferred with White in regard to the killing. The pistol he used, he said was his own, and had been owned by him several months. Jett suddenly lost his memory at the crucial point and would tell nothing of his or White's actions preceding or following the murder. Jett could not remember seeing White in the court house at all and as far as he was concerned White was perfectly innocent.

MODUS VIVENDI SIGNED.

SANTIAGO DE CHILE, July 11.—A telegram from Lima yesterday announced that a modus vivendi between Peru and Colombia has been signed, abrogating the protocol of September, 1905, and instituting a new arrangement, providing for the removal of the garrisons and civil and military authorities of both countries from the Putumayo river. Pending the delivery of the arbitration award by the Pope, the Peruvians are to be allowed free navigation of the river.

KILLED AT LAST.

CHICAGO, July 11.—After 20 years' experience as a "steepie Jack," James H. Glenn was killed yesterday. The rigging to which he was holding, on the top of a smokestack at Thirty-sixth and Butler streets, gave way, and he fell 165 feet to his death. Glenn, who was 40 years old, had suffered more than 20 falls in his career as a steepie jack.

DIVISION IN THE CABINET

English Ministry Divided
on Naval Program.

INCREASE IS OPPOSED

Majority Want Reduction in Appropriation for Naval
Enlargement.

IS "DANGEROUS ECONOMY"

Question of Whether England Will Allow Other Nations to Outdistance Her in Race for Naval Supremacy Argued

LONDON, July 11.—The Express this morning says the cabinet is in the throes of a serious crisis and is split in two on the vital question of whether the navy shall be maintained in a condition of "invulnerable efficiency or shall be weakened considerably and rival nations permitted to outdistance us in the race for naval supremacy." The paper points out that some days ago the cabinet decided to reduce this year's ship-building program. Three or four members of the cabinet it is asserted expressed themselves as opposed to "this most dangerous economy."

At a meeting of the cabinet Tuesday, after a prolonged discussion a majority stood steadfast for a reduction. A protest however had the effect of postponing the consideration of naval matters until July 27.

BORAX IN MEAT.

Boston Meat Investigators Shows Packers Put Borax in Their Goods.

BOSTON, July 11.—The city board of health today made public the results of its investigation of canned meats, from every possible source as well as the canned meat establishments. In a general way the results of the investigations are favorable to the manufacturers, both in the east and in the west, but it was found that many preparations contained a large amount of foreign matter. Several brands of prepared meat was found to contain either boric acid or borax.

VOTE ON INCREASE.

Traction Employees in Chicago Will Vote on Acceptance of Increase in Wages.

CHICAGO, July 11.—"L" employers will vote tonight on the acceptance of a wage increase, which, when lumped with the advances in pay given to employees by other traction companies, brings the total increase obtained this year by the street car men of the city to more than \$500,000. This is the largest wage increase ever received by a body of workmen in Chicago since the inauguration of the labor union movement here. It averages \$50 apiece for the 10,000 street car workers.

It is probable the Lake street men will accept the offer of the company by a large majority vote. The proposal carries with it an addition to the wages of every employee from interlocking switchmen to porters, the advance ranging from 1 cent to 3 cents or more an hour. It is in effect a compromise upon the demands of the men and maintains the new wage standard set by the other elevated roads.

Labor problems on the traction systems have all been adjusted with the exception of the Lake Street "L" controversy. With a settlement reached in this case the danger of street car strikes will practically be removed for another year.

PAINFUL MEETING.

Politician Run Down By Vice-President's Auto—Shakes Victim's Hand.

DANVILLE, Ill., July 11.—An automobile carrying Vice-President Fairbanks and party, late today crashed into a buggy driven by P. M. Dougherty, a prominent politician. Dougherty was thrown out of the buggy and painfully injured. When the injured man regained his feet Fairbanks alighted and approached his victim smiling, and apologizing. Dougherty said:

"You are Vice-President Fairbanks, I believe. My name is Dougherty." Fairbanks grasped the outstretched hand and shook it warmly, and said: "Mr. Dougherty, I am pleased to meet you."

Dougherty expressed his pleasure, but said he had been pleased better, if the meeting had taken place under slightly different circumstances. Dougherty's injuries are not serious.

HOSTILITIES BREAK OUT.

Salvador and Guatemala Once More Are Scrapping on the Border.

WASHINGTON, July 11.—Hostilities between Salvador and Guatemala have broken out and anew on the border between these countries, where peace was supposed to have been established, pending a settlement of the trouble between these countries. Leslie M. Coombs, the American minister to Guatemala, who is on his way to the United States to assist in a settlement of the difficulties between these countries has been ordered back to Guatemala City.

MAY PLEAD GUILTY

Three Land Frauders Likely to Admit Guilt.

HENEY SO INFORMS COURT

William H. Davis, Ex-Mayor of Albany, Clarke E. Loomis, Former Special Land Agent, and S. B. Ormsby, May Plead Guilty.

PORTLAND, July 11.—That pleas of guilty are likely to be entered to indictments pending in the United States Circuit Court charging William H. Davis, former Mayor of Albany; Clark E. Loomis, formerly special agent of the General Land Office, and Salmon B. Ormsby, once a forest ranger in the Cascade Forest Reserve, with complicity in Oregon land frauds, was indicated this morning, when Assistant Attorney-General Francis J. Heney informed Judge William H. Hunt during the calling of the calendar that he did not expect the cases against these defendants to come to trial.

Ex-Mayor Davis was indicted January 31, 1905, charged with perjury in having sworn falsely when making final proof on a homestead entry. He voluntarily went before the Federal Grand Jury, and it is understood that he made a clean admission of his connection with the fraud, although warned that the evidence he gave could be used against him. His story to the Grand Jury is believed to have been little short of a full confession, and it is not thought that he will undertake to acquit himself of the charge by standing trial.

Two indictments are pending against Loomis and Ormsby charging conspiracy to defraud the government out of public lands. They are jointly involved with Henry A. Young, William H. Davis, and George Sorenson, on one indictment returned December 27, 1904, and an indictment consolidated with it involves Congressman Binger Hermann, S. A. D. Puter, Horace G. McKinley, Emma L. Watson, Daniel Webster Tarpley, Elbert K. Brown, Mrs. Nellie Brown and Frank Walgamot, a Portland Dentist. When this case was reached on the calendar, Mr. Heney informed the court that he expected pleas of guilty, but that the case was ready for trial, and had it set down.
